### Temporary Accommodation

Path's Temporary Accommodation Scheme exists to provide additional, flexible accommodation to single homeless people. It is an option for people not yet ready to move into their own accommodation and who have low levels of support needs. This role is part of the housing management team running the Scheme.

This Scheme provides temporary accommodation:

- For people presenting as single homeless in Plymouth
- As an alternative to the hostels
- With some houses run totally by Path and some with Restart
- Using support provided by other (often the referring) service/s
- With visits to each property at least twice each week

### Duties may include

#### **1. Moving into resettlement / other temp accommodation**

- Receiving, processing, prioritising and responding to referrals, including building links with relevant services, being clear about the role of the scheme to ensure appropriate referrals at all times
- Assessing potential clients, maintaining a waiting list (as appropriate) and communicating with clients and referrers
- Helping residents move and settle in to properties, carrying out induction for new residents, being clear of rules and expectations, including this being temporary accom
- Setting up Housing Benefit claims and ensuring residents understand rent and top-up

#### **2. Monitoring and managing houses**

- Conducting at least weekly visits to each property, including checks of communal areas, in particular
- Following up re any issues such as damage, wear and tear, repairs etc to ensure that every property is safe and well-maintained
- Collecting and processing rent top-ups from residents and checking and ensuring Housing Benefit payments, with all relevant record-keeping (spreadsheets, database) and follow-up, inc producing rent

statements

- Conducting periodic checks and follow up work re property conditions in line with procedures

### **3. Individual support**

This is not a support service. Residents should receive support from relevant commissioned services, in some cases being the services that referred them. The focus of this role is therefore different but complementary.

### **4. Move on**

Residents may lead on their own 'move on' (leaving for other accommodation) or may have support workers helping them with it. This role may link with or refer residents for support but will also 'process' people leaving, in terms of:

- Inspecting the residents' room and any communal space to ensure everything has been left in good order and addressing any issues
- Readyng the room / property for future residents

### **5. General / other**

- Utilising, developing and maintaining recording and monitoring systems, inc: maintaining records on Path database; submitting regular info / reports
- Building relationships, and ongoing liaison, with relevant agencies, including developing and maintaining referral procedures (taking and making referrals).
- Participation in Path's other accommodation work, including covering for other workers.
- Participation in staff and other meetings, as required
- Other duties as required by line manager or Director
- Compliance with Path Worker Conditions

### **Targets**

This role manages houses and rooms, some with Reestart as the landlord and some with Path. For all, the aim is to:

- Ensure properties are suitable and safe
- Maximise occupancy and minimize voids
- Manage properties within budget
- Have residents stay an average of 3 to 12 months, people generally staying less than a year so as to best utilise this limited resource.
